

# Circular motion Comprehensive Experimental

**Specification:** (For reference only, subject to the actual sample.)

No.	Name	Qty.	No.	Name	Qty.
1	Multifunction aluminum alloy base (with two feet and one bearing base)	1	2	Removable electric rotary machine	2
3	Adjustable rotational speed controller	1	4	Power supply (12VDC/1A)	1
5	RCA connector wire	1	6	Drive belt	1
7	Level meter	1	8	Flying ball speed control centrifugal force frame	1
9	rotational circle tank	1	10	ball (different colors)	2
11	Earth oblateness ring	1	12	Foucault pendulum experiment set (Item12.1~12.5)	
12.1	connector scale disc	1	12.2	Metal bar (With screw $\phi$ 10mm×H300mm)	1
12.3	rack with connector	1	12.4	hang with connector	1
12.5	funnel with string	1	12.6	Sand	1
13	Tool	1
