

## Polarization and Brewster's Angle Experiment

### Instrument

No.	Accessory	Qty	No	Accessory	Qty
1.	Optical slide platform	1	2.	Fixable connector	1
3.	LED light source (with handle) (including power supply 3 DCV)	1	4.	Dimmable gate (with handle)	1
5.	Fixable connector	1	6.	Polarizer (with handle)	2
7.	Movable rotational angle platform (including fixable slide implement *3 holes and glass slide fixer)	1	8.	Glass slide (with binder clip*2)	1
9.	Laser light source (including a laser light source, a light regulator, power supply 4.5DCV, leveling seat and fixed slot) <b>Note: Additional selection</b>		10.	Light sensor (with fixable slot) <b>Note: Additional selection</b>	
11.	Photogate electronic timer (Including power supply 12DCV*1, ISB A-A*1) <b>Note: Additional selection</b>
